

HOW TO GET SET UP

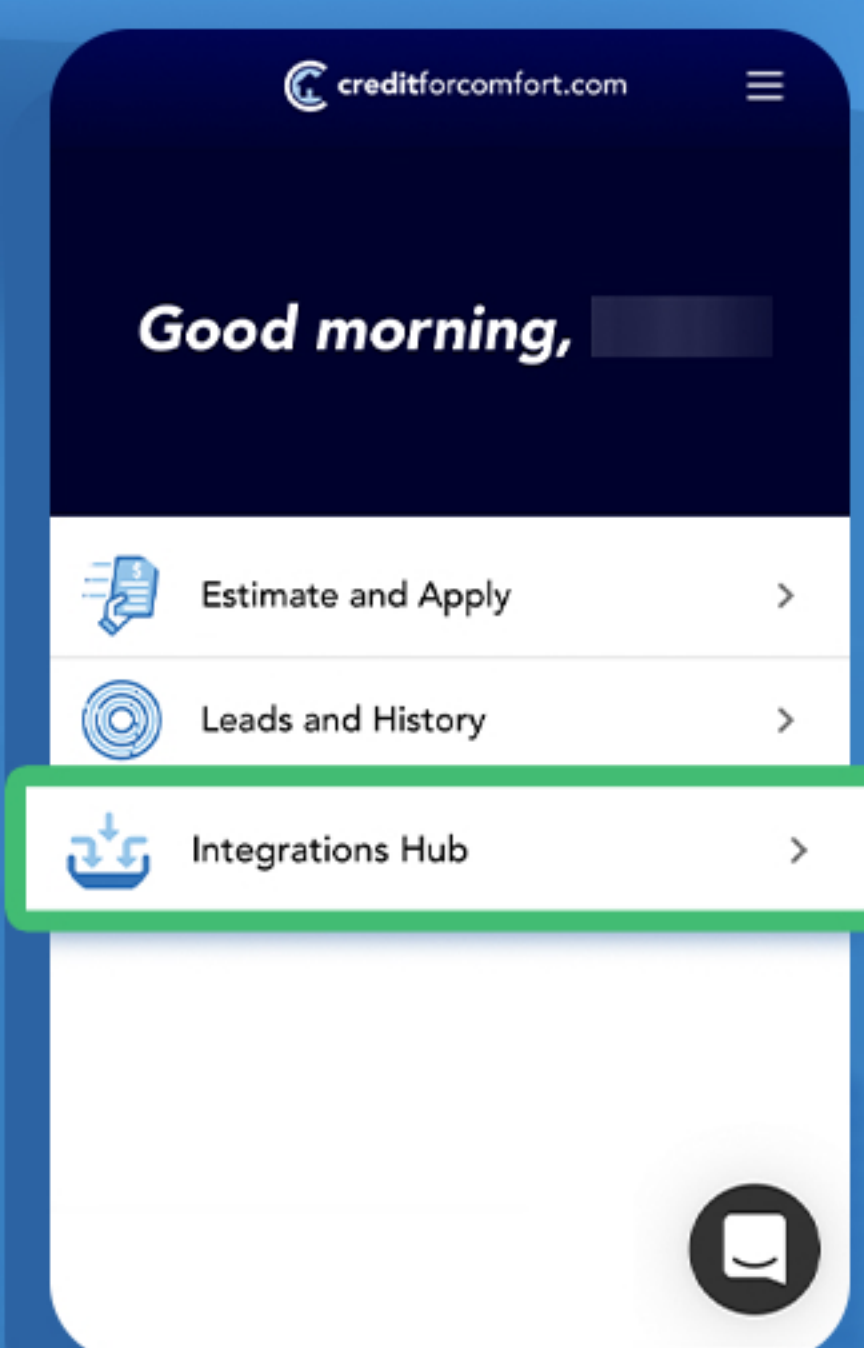

Start processing payments **quicker than ever** with Credit for Comfort's credit card processing, powered by Clearent.

Simply follow these steps to get set up:

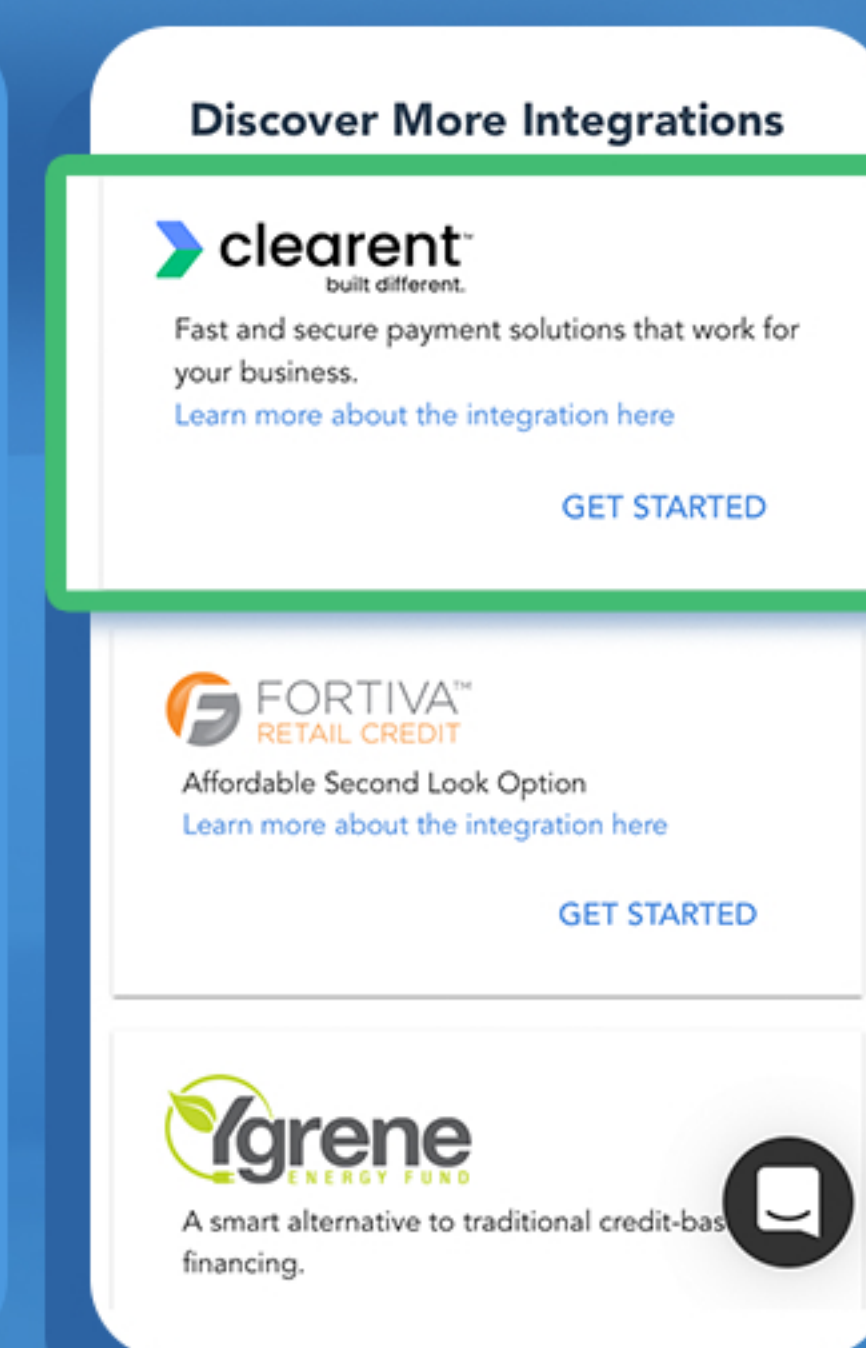

1

Login to Credit for Comfort and go to the Integrations Hub.

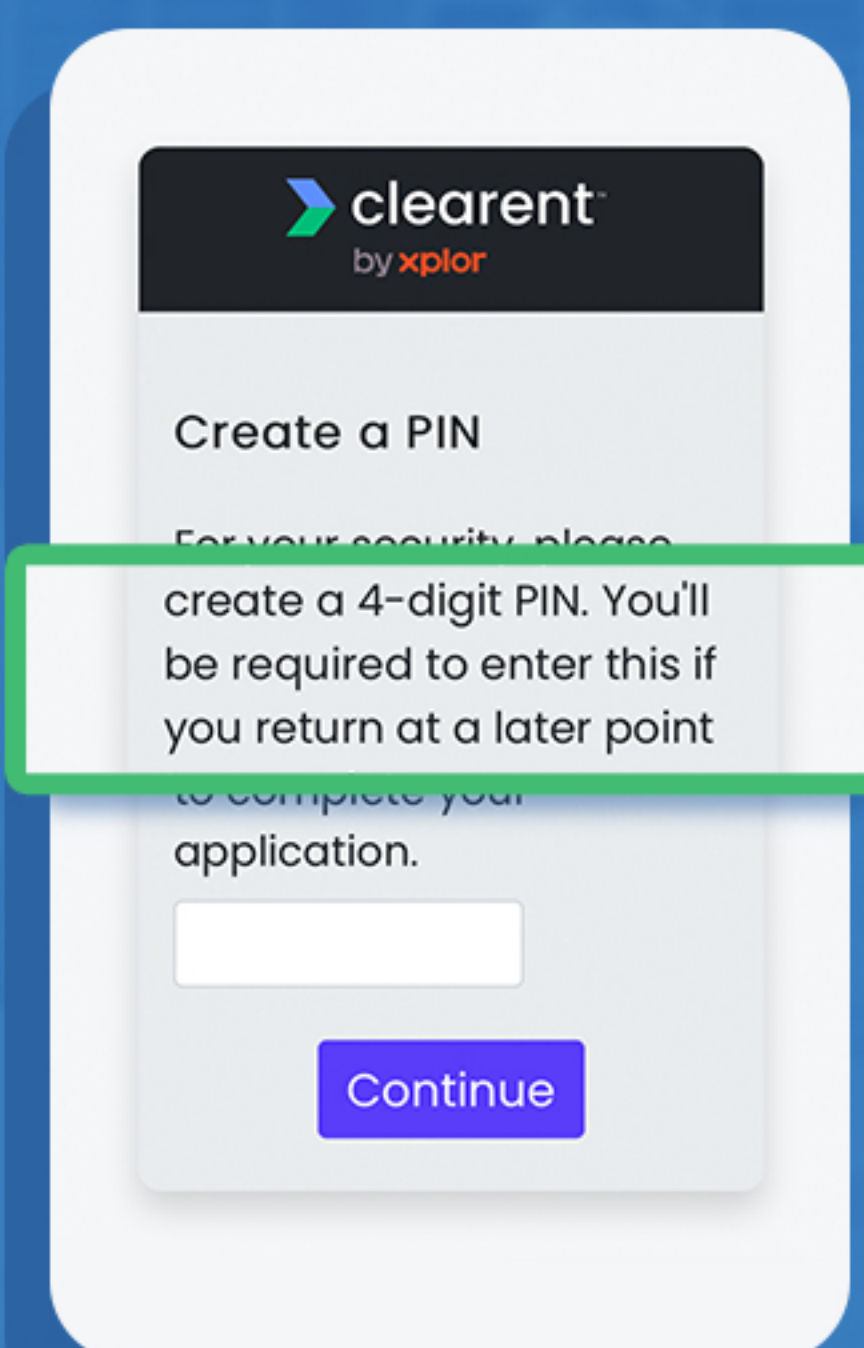

2

Select Clearent and click on the Get Started button to access their application.

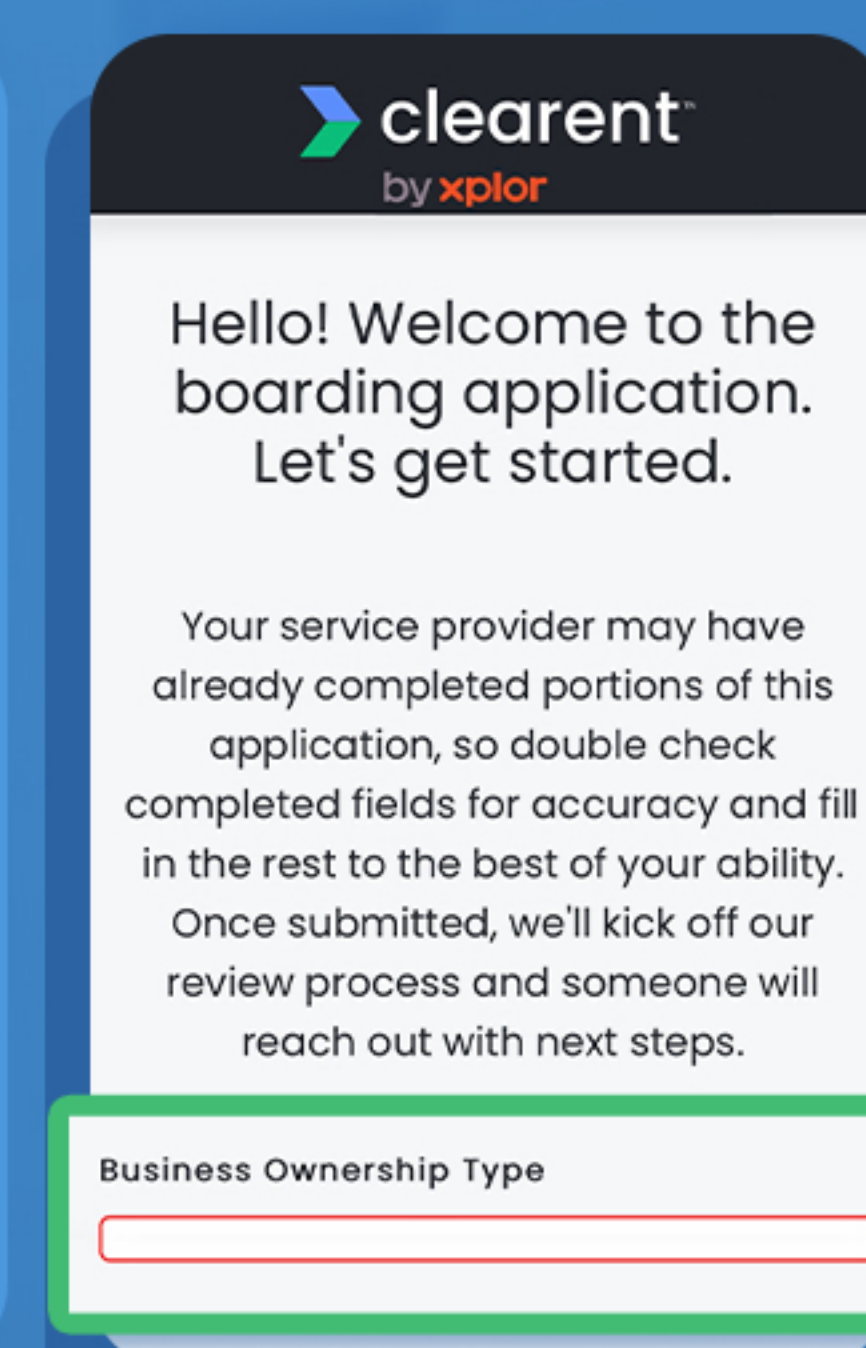

3

Add a pin number so you can log back in if you don't complete the application.

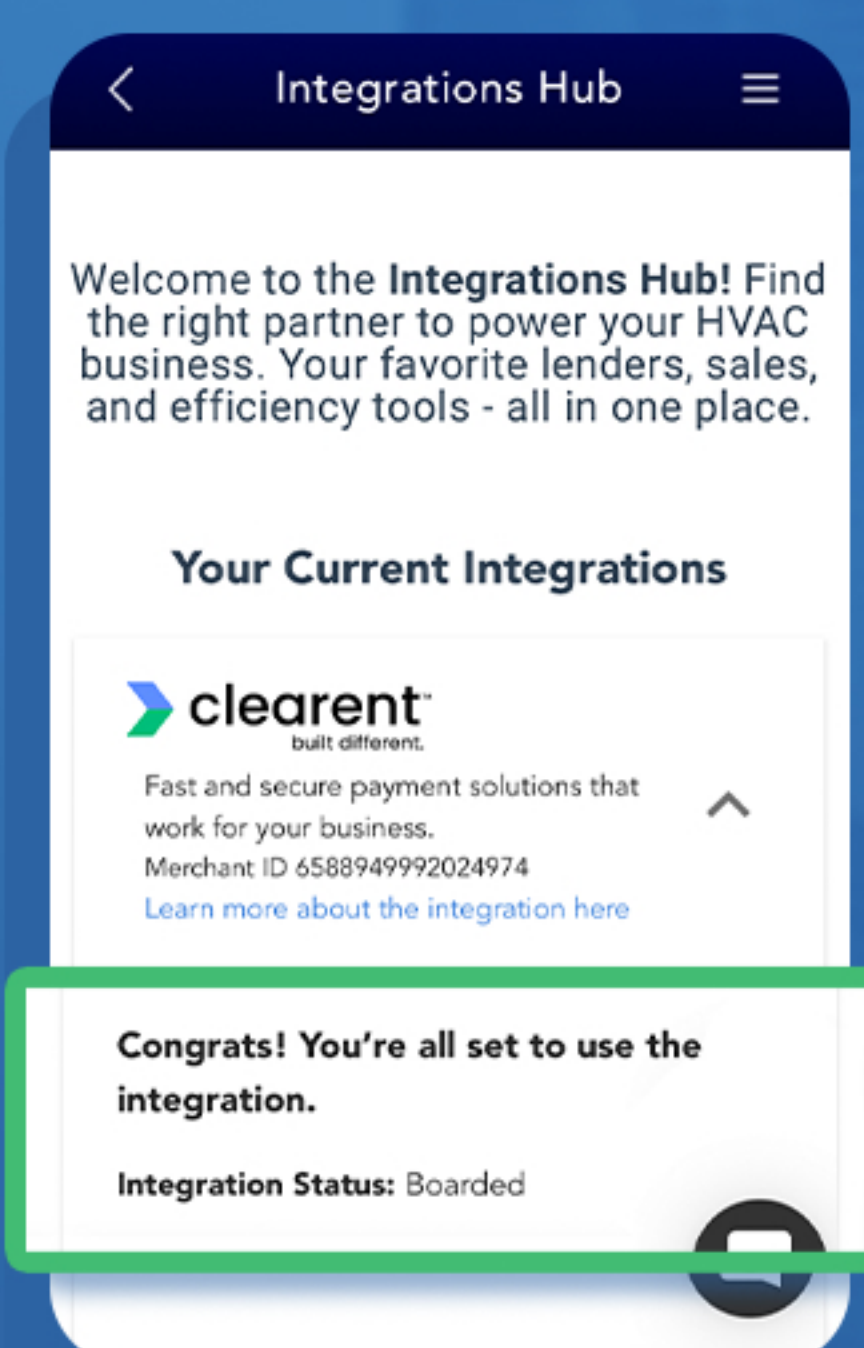

4

Click on the application link and fill out all required information.*

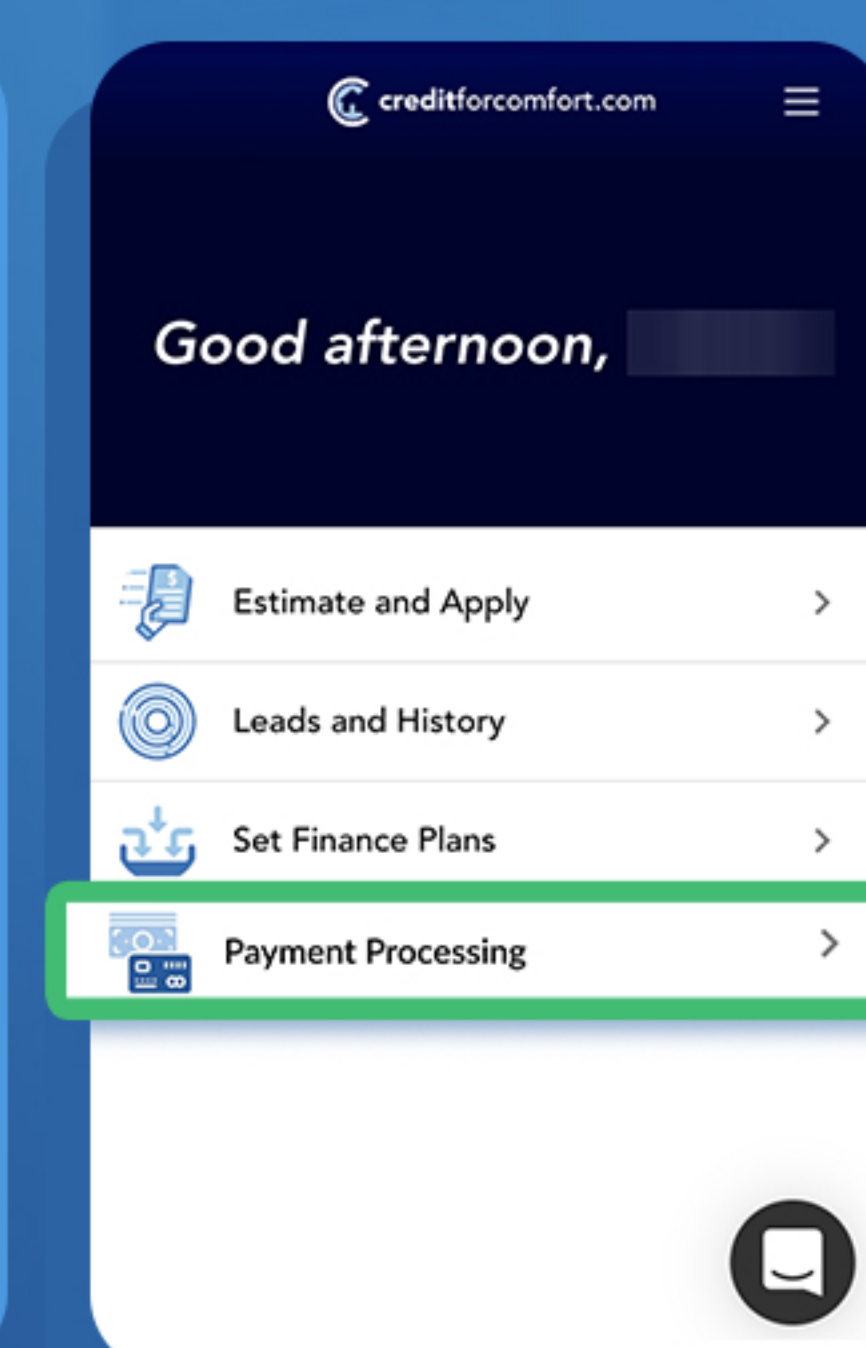

5

Once you submit application, check its status from the Integrations Hub.

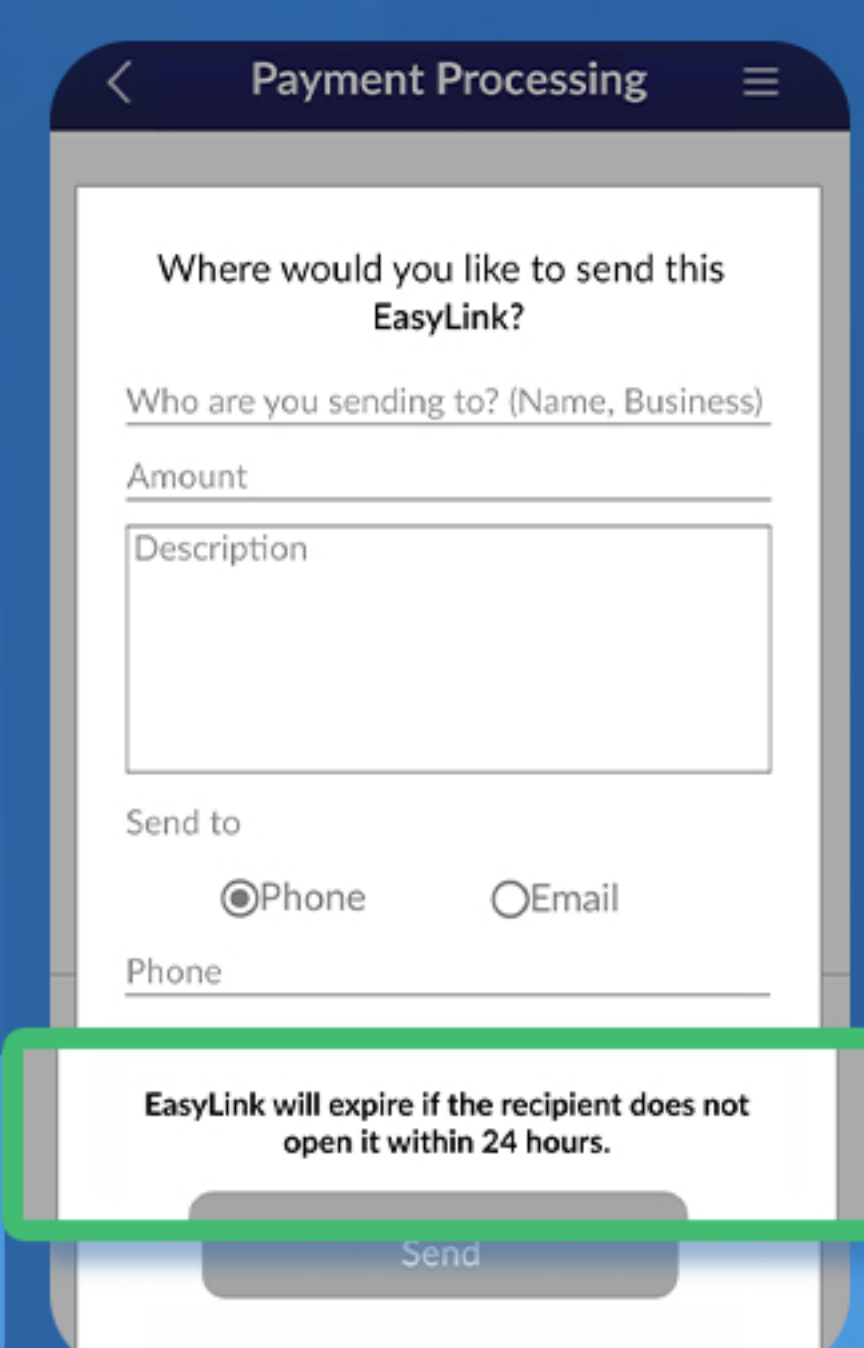

6

When the integration is ready a Payment Processing tab will appear on your home screen.

7

Click on the Payment Processing tab to start collecting payments using EasyLink!
